

# KEEP TRACK OF YOUR SKYCLARYS Rx

Libby: Yoga enthusiast, interior designer

Diagnosed with FA at age 22

Taking SKYCLARYS since 2023

Patients featured are paid spokespersons for Biogen.

**SKYCLARYS**  
(omaveloxolone) 50 mg capsules

SKYCLARYS is delivered to you each month from Biologics, the Biogen REACH specialty pharmacy. To help make sure your prescription shows up on time every time, we've put together this helpful planning tool so you'll know when your SKYCLARYS is scheduled to arrive, when you'll need a refill, and what information you'll need so your insurance provider can reauthorize your prescription.

## Your Refill Calendar

Work with your Biogen Family Access Manager (FAM) to fill out your refill calendar. This will help you know when to expect a shipment of SKYCLARYS, when Biologics will call to discuss your refill, and how many capsules you should have left when they call.

<b>JAN</b> SKYCLARYS was sent: _____ When I need my next refill: _____	<b>FEB</b> SKYCLARYS was sent: _____ When I need my next refill: _____	<b>MAR</b> SKYCLARYS was sent: _____ When I need my next refill: _____	<b>APR</b> SKYCLARYS was sent: _____ When I need my next refill: _____
<b>MAY</b> SKYCLARYS was sent: _____ When I need my next refill: _____	<b>JUN</b> SKYCLARYS was sent: _____ When I need my next refill: _____	<b>JUL</b> SKYCLARYS was sent: _____ When I need my next refill: _____	<b>AUG</b> SKYCLARYS was sent: _____ When I need my next refill: _____
<b>SEP</b> SKYCLARYS was sent: _____ When I need my next refill: _____	<b>OCT</b> SKYCLARYS was sent: _____ When I need my next refill: _____	<b>NOV</b> SKYCLARYS was sent: _____ When I need my next refill: _____	<b>DEC</b> SKYCLARYS was sent: _____ When I need my next refill: _____

**REMEMBER:** Biologics will call or text you **10 days** before your prescription is scheduled to run out.  
Save the REACH program phone number to your phone so that you don't miss calls or texts: 1-844-987-3224.

Opt in to SMS Treatment Reminders to receive convenient text alerts about your prescription. You can opt in when setting up your first shipment of SKYCLARYS or any time after by asking your Biologics contact.

## WHAT IS SKYCLARYS?

- SKYCLARYS® (omaveloxolone) is used for the treatment of Friedreich ataxia in adults and children aged 16 years and older. It is not known if SKYCLARYS is safe and effective for use in children younger than 16 years of age

## IMPORTANT SAFETY INFORMATION

### What are the possible side effects of SKYCLARYS?

#### SKYCLARYS may cause serious side effects, including:

- **Increase in blood liver enzymes:** Some people taking SKYCLARYS have had an increase in the level of liver enzymes in their blood. Your healthcare provider will do liver function tests
- before you start taking SKYCLARYS
  - every month for the first 3 months after starting your treatment with SKYCLARYS
  - during certain times as needed while taking SKYCLARYS

If your liver enzymes increase, your healthcare provider may change your dose, stop treatment for some time, or completely stop treatment with SKYCLARYS.

Please see Important Safety Information throughout and full [Prescribing Information](#), including [Patient Information](#).

Jacob: Youth mentor,  
motivational speaker  
Diagnosed with FA at age 24  
Taking SKYCLARYS since 2023

## Your Authorization Information

It's important to keep track of when your authorization for your SKYCLARYS prescription starts and ends to make sure there's no interruption in your treatment.

Insurance prior authorization	Start date:	End date:
Reauthorization submitted by	Name:	Date:

## Your Genetic Testing Information

Keep your genetic testing information handy—some insurance providers may require it for your yearly prescription reauthorization, or it may be needed to get reapproved for SKYCLARYS if your insurance changes.

Genetic test date:	Lab:
--------------------	------

## IMPORTANT SAFETY INFORMATION (cont'd)

### What are the possible side effects of SKYCLARYS? (cont'd)

#### SKYCLARYS may cause serious side effects, including (cont'd):

- **Increase in a blood protein called B-Type Natriuretic Peptide (BNP).** BNP tells how well your heart is working. Your healthcare provider will check your BNP levels before your treatment with SKYCLARYS. Tell your healthcare provider if you have signs and symptoms of your heart not working well such as too much fluid in your body (fluid overload). Signs and symptoms may include:
  - sudden weight gain (3 pounds or more of weight gain in 1 day, or 5 pounds or more of weight gain in 1 week)
  - swelling in your arms, hands, legs, or feet (peripheral edema)
  - fast heartbeat (palpitations)
  - shortness of breath

If you have symptoms of fluid overload that is considered a side effect of SKYCLARYS, your healthcare provider may stop treatment with SKYCLARYS.

- **Changes in cholesterol levels.** Increases in low density lipoprotein cholesterol (LDL-C) or bad cholesterol and decreases in high density lipoprotein cholesterol (HDL-C) or good cholesterol have happened during treatment with SKYCLARYS. Your healthcare provider will check your cholesterol levels before and during your treatment with SKYCLARYS

**The most common side effects of SKYCLARYS include:** increased liver enzymes (ALT/AST), headache, nausea, stomach pain, tiredness, diarrhea, and muscle pain.

#### Before taking SKYCLARYS, tell your healthcare provider about all of your medical conditions, including if you:

- have liver problems
- have a history of heart problems, including heart failure
- have a high level of fat in your blood (high blood cholesterol)
- are pregnant or plan to become pregnant. It is not known if SKYCLARYS will harm your unborn baby. Women who use hormonal birth control should use another form of birth control such as a non-hormonal intrauterine system or an extra non-hormonal birth control such as condoms while using SKYCLARYS and for 28 days after stopping SKYCLARYS
- Pregnancy exposure registry: There is a pregnancy registry for women who are pregnant and are taking SKYCLARYS. The purpose of this registry is to collect information about the health of you and your baby. Your healthcare provider can enroll you or you may enroll yourself by calling 1-866-609-1785 or by sending an email to [SkyclarysPregnancySurveillance@ppd.com](mailto:SkyclarysPregnancySurveillance@ppd.com)
- are breastfeeding or plan to breastfeed. It is not known if SKYCLARYS passes into your breast milk. Talk to your healthcare provider about the best way to feed your baby if you take SKYCLARYS

Please see Important Safety Information throughout and full [Prescribing Information](#), including [Patient Information](#).

# YOUR SKYCLARYS TEAM

Biogen REACH is an access resource committed to helping people with FA receive SKYCLARYS quickly, easily, and affordably. In addition to hearing from Biologics Specialty Pharmacy with regards to shipping your SKYCLARYS, you can be enrolled into REACH services. Through REACH, you'll be assigned a FAM and Lead Case Manager (LCM) who will work together to help you navigate accessing treatment.

FAM	LCM	Biologics
<p>Your FAM will be your main point of contact for questions or concerns about the logistics surrounding treatment. Your FAM can assist with things such as:</p> <ul style="list-style-type: none"><li>▶ Access to medication</li><li>▶ REACH services</li><li>▶ Information about other eligible programs</li></ul>	<p>Your FAM will connect you with your LCM if you have questions about access. Your LCM can help you:</p> <ul style="list-style-type: none"><li>▶ Understand your insurance status and SKYCLARYS treatment plan</li><li>▶ Facilitate communication with Biologics</li></ul>	<p>Biologics is the Biogen REACH exclusive specialty pharmacy and will collect any copayments or coinsurance needed for your SKYCLARYS prescription. They may also contact you about your:</p> <ul style="list-style-type: none"><li>▶ SKYCLARYS prescription</li><li>▶ Insurance benefits and copays</li><li>▶ Eligibility for copay assistance</li></ul>

## Your Points of Contact

Keep track of your SKYCLARYS team's contact information for help with your treatment whenever you need assistance.

<b>Biogen REACH: 1-844-987-3224</b> For help finding contact information or to get answers for questions about access, call REACH 8:30 am-8 pm EST, Monday through Friday (except holidays).		

## Notes

If you have any questions about your SKYCLARYS prescription, make a note and be sure to follow up with your doctor or your FAM.

## IMPORTANT SAFETY INFORMATION (cont'd)

**Tell your healthcare provider about all the medicines you take**, including prescription and over-the-counter medicines, vitamins, and herbal supplements such as St. John's Wort.

- ▶ Taking SKYCLARYS with other medicines can cause serious side effects
- ▶ SKYCLARYS may affect the way other medicines work, and other medicines may affect how SKYCLARYS works
- ▶ Know the medicines you take. Keep a list of them to show to your healthcare provider and pharmacist when you get a new medicine

### What should I avoid while taking SKYCLARYS?

- ▶ Do not drink grapefruit juice or eat grapefruit. These may change the amount of SKYCLARYS in your blood

These are not all the possible side effects of SKYCLARYS. For more information, ask your healthcare provider or pharmacist.

Call your doctor for medical advice about side effects. You may report side effects to FDA at 1-800-FDA-1088.
